

Digital Jubilee: Always on the 30th of the month, 18.30 -20.30 CET on Zoom

Since **three decades**, SoFiA e.V. has been bringing people together around the world to promote exchange, reconciliation and peace.

Every year, volunteers leave their familiar surroundings, spend time with other people and experience how different life can be. They do a **social peace service abroad**: in Bolivia, Germany, Romania, Uganda and many other places around the world.

But SoFiA are not only the volunteers. It is the work of many people who are committed to the cause. In its anniversary year, SoFiA is dedicating an **online series** to this diversity.
